2- Farmer-

I am a farmer growing crops.
Working hard till the day drops,
With a tractor I plough the soil.
To get a good yield I constantly toil,
Insects, rats, crows and monkeys.
Eat my crops and cause the worries,
Eagerly I wait for the rain to pour.

3- Postman or mailman is my name.

Delivering letters is my aim,
Wearing a uniform and a cap.
Ring the doorbell or call the name,
Or leave a note if no one to claim.
It's not so easy nor it is fun,
To deliver letters under the sun.
